

# City Moves to Acquire Golf Course by June 1

## Protests Light at Hearing

Villagers and their guests will probably be teeing off at the Palm Springs Municipal Golf Course by June 1, if a resolution ordered by the City Council last night meets no obstacles.

The city — in regular council session — resolved its intent to acquire the 148-acre site — complete with clubhouse, driving range and putting green — from the Westview Development Corporation on a lease-purchase arrangement.

A PUBLIC HEARING was held at the council chambers last night and the hall was filled to capacity with some of the people standing along the back wall.

Also under discussion was the proposed increase in business license fees, and some two hours of testimony was taken by the council — both pro and con. This hearing was continued by the council to a future date.

ON THE BUSINESS license fee proposal, fairly strong opposition was led by professional men — local doctors and attorneys — who were protesting the 300 per cent increase for their category.

Dr. William Elliott and Dr. Samuel Salinger both spoke out in opposition to the high increase for professional licenses, and Dr. Elliott questioned the advisability of the lease — purchase of the golf course. He asked the council how they knew that the people of Palm Springs wanted a municipal golf course. Councilman George Beebe answered the question by referring to a number of resolutions passed by various organizations backing the municipal course.

Another source of opposition came from three local department stores, whose representatives indicated that they would be for the municipal golf course, but not through the increase of business license fees. They said that the course was a benefit to the entire community and should be on the tax rolls.

EVEN WITH THE opposition shown, strong and determined support of the proposition was made by the overwhelming majority of the people present. The council also reported receipt of telegrams in support of the project.

The council did agree that there were discrepancies in the license increase plan. They said they would re-survey the plan and correct them. Mayor Frank Bogett pointed out that this was the first hearing on the plan, and "the reason we hold these hearings are to get the feeling of the local business people. We will attempt to make the fees as equitable as possible."

Biggest change in the license fees was seen for trailer parks. Under the present certain trailer parks would have a license fee of \$1,300 a year. The council indicated that it would establish a minimum of \$50 and maximum of \$500, placing them in line with the hotel fees.

Some testimony received by the council last night was held irrelevant. Included was a suggestion of formation of a parking district. The council said that the license increase and the golf course would not hamper plans for off-street parking within the city.

No date for the continued hearing was set, but the council indicated that it would be announced before its next meeting.

## Ike Issues New Civil Rights Plan

WASHINGTON — (UPI) — President Eisenhower asked Congress today in a seven-point civil rights program for stronger federal power to punish anyone using threats or violence to obstruct court-ordered school integration.

His program, designed to make "equal protection of laws . . . a reality for all," also would authorize temporary aid to states and localities cooperating in carrying out school integration.

AND IT WOULD ALLOW the FBI to crack down harder in school and church bombing cases. In urging that school integration obstruction be made a specific federal offense, Eisenhower said: "There have been instances where extremists have attempted by mob violence and other concerted threats of violence to obstruct the accomplishment of the objectives in school districts."

He did not mention outbreaks of violence at such places as Little Rock, Ark., or Clinton, Tenn., but said present provisions for punishing obstruction and contempt are not strong enough.

## Heavy Snow Blankets Rockies Today

New Cold Air Mass Moves Into Midwest

United Press International  
A heavy snowstorm whipped the Northern and Central Rockies today while lighter flurries swept the Great Lakes on the heels of a new cold air invasion.

The heaviest snows of the season hit the high mountain areas in Colorado Wednesday and today, dumping up to 18 inches of new snow. Ski resorts in the area looked forward to booming business over the weekend.

A SNOWSLIDE on U.S. 50 closed Monarch Pass, a major east-west route across the Rockies in Southern Colorado, Wednesday night, but highway crews bucked through the snow hours later to reopen the road.

Denver reported more than five inches of snow and roads throughout Colorado were snow-packed and slick. One woman was killed Wednesday and nine persons injured in a car-truck accident on a snow-covered highway near Castle Rock, Colo.

A RAIN AND ICE storm in the East, which contributed to the crash of an American Airlines plane in New York with the loss of 65 lives, diminished in size today.

Bad flying weather Wednesday prevented President Eisenhower's plane from landing at Spence Air Force Base at Moultrie, Ga. The plane, a C-119, finally landed after a rain squall at Moody Air Force Base near Valdosta, Ga., an hour later. The President is on a six-day vacation in Georgia.

In Oklahoma, spring-like temperatures in the 60s Wednesday gave the state a brief respite from three days of snow and ice storms.

## MRA Plays Open At CVUHS Today

Two new moral re-orientation plays will be presented at Coachella Valley Union High School today and Friday.

The play "The New American" will be presented three times this afternoon for high school students and the play "He Was Not There" will be offered at 8 p.m. in the school auditorium.

"The New American" will also be presented Friday night at the auditorium. The public is invited to attend both evening performances.

## East German Reds Release Five Soldiers

Arrangements Made by German, U. S. Red Cross

HEIDELBERG, Germany — (UPI) — Five American soldiers held by the East German Communists were released today.

U.S. Army in Europe Headquarters announced the men were turned over to American officials near Herleshausen. Their release was arranged by the American and East German Red Cross organizations, an Army spokesman said.

THE MEN RELEASED included Lt. Richard Mackin, 21, Washington, D. C.; Sp4C Kenneth G. Carlson, San Leandro, Calif.; Pvt. Elwyn E. Bell, Hill City, Kan.; and Pvt. James W. Hayes, Baltimore, Md.

The fifth was believed to be Pvt. Melvin Hampton, of the 8th Infantry Unit in Berlin.

Release of the Americans was negotiated by Robert Wilson, director of the American Red Cross in Europe, in talks with Ludwig Werner, president of the East German Red Cross.

THE RED CROSS organizations were asked to negotiate because the United States does not recognize the Communist East German government and will not deal with it.

The U.S. repeatedly demanded the men's release in protests to Soviet authorities in East Germany. The Soviets rejected the demands, saying the U.S. had to deal directly with the East Germans.

MACKIN HAD BEEN held by the East Germans since Dec. 3 when his small L-19 airplane strayed over the border into East Germany and ran out of fuel. He was forced to bail out into the hands of the Communists. The 3rd Armored Division pilot was on a routine liaison flight from Frankfurt to the Grafenwoehr maneuver area at the time.

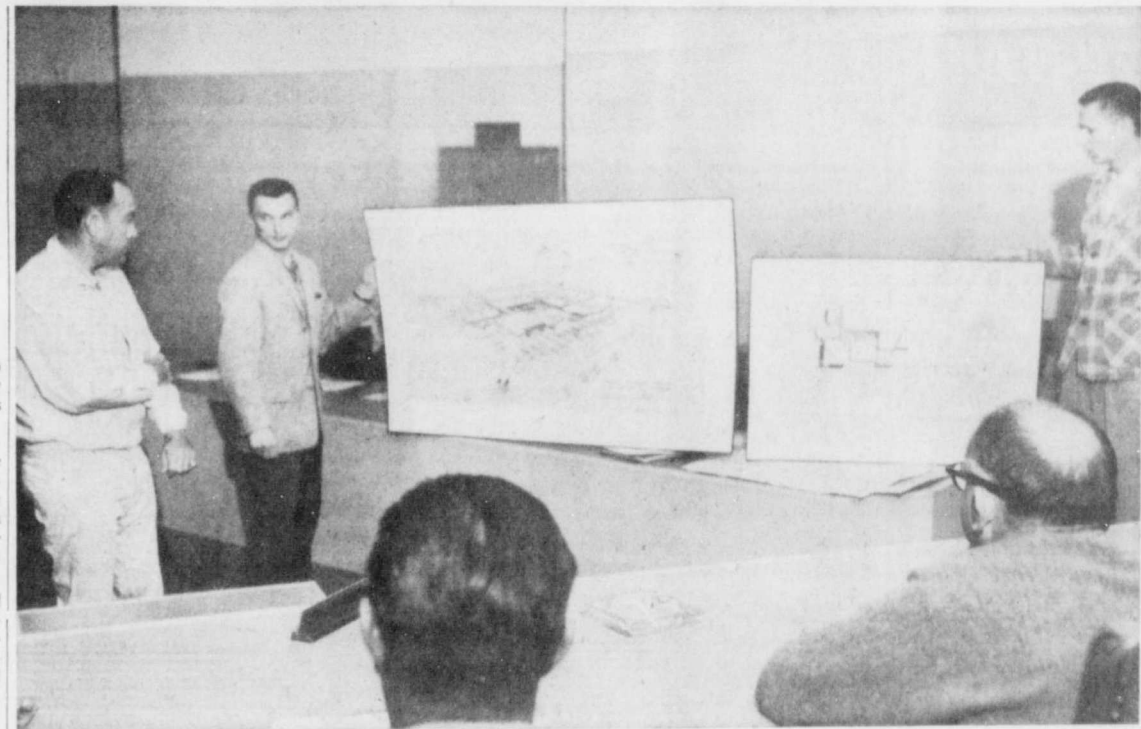

Carlson disappeared in Berlin Nov. 27 and Hayes dropped out of sight Dec. 26. Nothing was known about the circumstances of their disappearances, but it was feared they had strayed into the Soviet zone and were being held by the East Germans.

## Village High School Given State Honor

A five-year accreditation under a so-called "California Plan" has been awarded Palm Springs High School, according to an announcement issued today by the Citizens Advisory Committee of the State's Joint Interim Committee on the Public Education System.

An Arcadia businessman, Forde V. Cowing, chairman of the committee, explained that the accreditation consists of an evaluation of high schools throughout the state by investigators from the State Department of Education, County schools offices, curriculum administrators and secondary school and college administrators. The Village high school was one of 49 schools of a total of 125 inspected to be granted the accreditation. The "team" inquiry conducted on the various campuses evaluates building programs, community interests, financial matters and proposed changes in curriculum.

Police said today the "washing machine bandit" has apparently returned to Palm Springs.

## PROGRESS TOLD ON HUGE AIRPORT SHOPPING CENTER

Plans for a multi-million-dollar airport shopping center, including a 30-acre recreational and mercantile development, were unveiled before the City Planning Commission yesterday.

Architectural elevations of the huge McCallum Way project, now reported in its "secondary stage" of development, were displayed to commissioners to "acquaint the city" with its planning progress.

DEVELOPERS OF THE regional shopping center, intended to draw shoppers here from surrounding Southland communities, are Ray Ryan and Seeterra, Inc. Principal stockholders in the corporation are Palm Springs attorney A. R. Simon and Villager W. C. Thornton.

Shopping center plans introduced to the planning commission by William Gorman, Ryan's business manager, embraced a sprawling, two-level development containing the city's first year-round ice skating rink, a supermarket, bowling alley, various stores and a restaurant.

GORMAN POINTED to the "all-weather" rink as the unique feature of the 30-acre center. Skaters will be able to enjoy this incongruous desert sport, under an open or closed roof, through even the summer months.

Gorman said that the market is the first building scheduled for construction. The developers, he said, are now in the second stage of progress—securing lessees for their mercantile and recreational buildings.

Construction of the proposed recreational center and the restaurant will follow completion of the store buildings, which will house a department store, drug store and various service shops.

PLANNED AS A "plaza-type" development based at McCallum Way and Farrell Drive, the center will be built in two levels, because of sloping terrain, offering 360,000 square feet of rental space.

All structures are planned around a central plaza, centered by a bandstand, fountain and parking area for 2,500 autos, Gorman said.

## SWEDES 'CENSOR' ARTY FILM; ADD NUDES FOR LATINIS

STOCKHOLM, Sweden (UPI) — Nude bathing scenes are a must in Swedish-produced movies if they are to be sold to Latin American distributors, a Swedish director said today.

Director Rolf Husberg said South American film distributors refused to buy the film "Lalla" unless a few scenes with nude girls were added. The film is a story of love among the Laplanders and was shot in the snowy wastes of the Arctic Circle.

The demand was not. The export version of the picture will show four girls running around nude in the snow. They take a snow bath to cool off after bathing in a sauna, the Scandinavian bath.

## 'Deliberate Action by Red Pilots'

State Department Uses Documents, Radio Transcript

WASHINGTON (UPI) — The United States charged today that Russian fighters deliberately shot down an unarmed American transport last September.

It added, in effect, that Soviet Deputy Premier Anastas I. Mikoyan lied about the incident during his recent visit here.

The State Department released a batch of transcripts, photostats and documents to back up its charge that the plane, which crashed in flames over Soviet Armenia Sept. 2, was shot down deliberately.

THEY INCLUDED what the department described as the transcript of an intercepted radio conversation among the Soviet fighter pilots as they shot down the four-engine plane and watched it crash in flames.

Also released were photostats and translations of two articles from Soviet Aviation, the official Russian air force newspaper, describing the "attack" on the "enemy" and identifying four Russian fighter pilots who took part.

PREVIOUS REPORTS had said the unarmed American plane, with 17 men aboard, had crashed after it was intercepted by Soviet fighters near the Turkish-Soviet border and escorted into Soviet Armenia.

The Russians had acknowledged finding the wreckage, but had denied that the plane was shot down. Later, the Russians turned over six bodies to American authorities and said they had no information about the other 11 men who were aboard.

Only four of the six dead could be identified. The State Department disclosed that Mikoyan, when asked about the incident by Secretary of State John Foster Dulles during a visit here Jan. 16, "denied that the plane had been shot down, asserting that it had crashed."

## RED CHINA LISTS THREE TOP SONGS ON HIT PARADE

## By Khrushchev

## President Invited To Visit Russia

MOSCOW (UPI) — Soviet Premier Nikita S. Khrushchev today invited President Eisenhower to Moscow as a step toward bringing the two nations together and ending the threat of nuclear war.

Khrushchev extended the invitation in a speech in which he also denounced Eisenhower and his administration for ignoring the "thaw" in the East-West cold war. This, he said, was the policy of "dealers in blood."

HE SAID THE tour of the United States by Soviet Deputy Premier Anastas Mikoyan "in particular" helped along this thaw, and added:

"A visit of this kind would undoubtedly be useful to both countries and would meet with the approval of the peoples of the U. S. A. and the Soviet Union." Khrushchev said in the speech before the 21st Congress of the Soviet Communist Party.

"LET THE PRESIDENT take the map of the Soviet Union and choose the areas of our countries he would like to visit."

Khrushchev was the final speaker at the congress which he had opened with the claim that economic competition is now enough to win the world to Communism and war is no longer inevitable.

Khrushchev spoke with considerable feeling. His theme was that mass-produced Soviet missiles can now hit anywhere in the U. S. so the two major powers must reach an understanding.

The delegates cheered Khrushchev and his policies—in particular the new seven-year plan designed to carry the U. S. S. R. ahead of the U. S. industrially.

"WE ONLY WANT one thing," Khrushchev said. "The speediest end to the cold war."

"And Mr. John Foster Dulles, if you desire then for the sake of ending the cold war, we are even prepared to admit your victory in this war that is unwanted by the peoples."

"Regard yourselves, gentlemen, as the victors in this war—but end it quickly."

## Jet-Liner Tragedy

# CAB Launches Crash Inquiry

NEW YORK (UPI) — Teams of federal investigators were examining every detail today of the crashed American Airlines turbo-prop airliner in which 65 of the 113 aboard died.

Preliminary reports indicated lack of altitude aids and height perception difficulties over water may have caused the crash.

The sleek Electra 188, one of

American's newest jet age airliners, crashed in the water while on an instrument approach to La Guardia field over the East River just before midnight Tuesday.

IT WAS LANDING in fog and drizzle on a flight from Chicago with a veteran pilot at the controls. It dropped into the river 4,000 feet short of runway 22 known as the "back door" approach to the field. Some pilots have reported it is like playing Russian roulette to land by instruments on that runway.

There were 43 persons still missing and believed dead whose bodies have not been recovered.

A WARM GREETING for a new maitre d' is accorded Dick Nowell, right, by Roland Richter, resident manager of the Oasis Hotel here. Nowell, a much-traveled Englishman with service in London, South Africa and American hotels, augments an international culinary staff that already includes Dutch, Hungarian and German food experts. Paul Pospesil Photo.

## British Maitre d' Launches Buffets At Oasis Hotel

The Oasis Hotel has added a much-traveled Englishman to its culinary staff. Resident Manager Roland Richter announced yesterday.

He is Dick Nowell, of Hyde, Cheshire, England, and his arrival as maitre d' here has created an almost UN-flavor at the Oasis; his aides include Dutch, Hungarian and German food experts.

FIRST ITEM of business for the new maitre d' will be a Hawaiian fashion show on March 8 with Nowell being called upon to supplement the Beachcomber styles and George Kainapua's music with a Trader Vic-type luncheon.

Nowell isn't waiting for the fashion show to institute some of his own ideas around the Oasis. During his service at South African hotels and at London's famed Reform Club, Nowell won plaudits and followers for his buffet artistry. As might be expected, Nowell launched his work here by instituting daily luncheon buffets poolside at the Oasis. The result was that he not only drew residents and their guests to the laden tables, but has also become host for "19th hole" O'Donnell golfers.

UPCOMING NOWELL plans include a Sunday evening buffet aimed at attracting family groups in the Village and an Easter morning buffet with a simultaneous Easter Egg Hunt for small fry. Addition of the famed English maitre d', who comes to Palm Springs from the Multnomah Hotel in Portland, was characterized as indicative of the substantial increases and betterment in service which the Oasis will offer under its new chain affiliation with Western Hotels, Inc.

Richter said that the chain, which includes the St. Francis in San Francisco and the Olympic in Seattle, will continue to upgrade all of the hotels in the organization.

The electrical system on a jet liner could serve the needs of 150 average-size homes.

## 'Roots' Grow Deeper

By GEORGE LAINE

More timely in 1959 than it was at its premiere nearly a decade and a half ago is "Deep Are The Roots," current at the Palm Springs Playhouse.

The Arnaud D'Usseau - James Gow collaboration details the tensions into which Negro GIs were plunged upon their return to the Deep South following the cessation of hostilities in 1945. Instead of being passe, the story line is more vital, more pertinent today — with the school integration crisis still at a fever peak — than it ever was in 1945.

IT IS A WARM, meaningful treatment that the Playhouse cast gives the play. There are at least two portrayals — by Playhouse mainstay John Newton and by 1956's Woman of the Year Ruby Goodwin — that rank with the best the Playhouse has done this season.

Newton essays a successful novelist who has utilized Southern foibles as his major writing theme and Mrs. Goodwin portrays a maid who watches her son return from World War II with new ideas for the Old South. Both characters are extremely plausible.

THAYER ROBERTS, who makes a habit of bringing characters fully to life for Playhouse audiences, gets his best role of the season in the decadent Senator Ellsworth Langdon. What he does with the role is to create a character so close to the image of the outdated Southern aristocracy as to make the Senator almost unbelievable to non-Southerners.

Marrian Walters also gets her most demanding role of the season and responds in the best thespian tradition. Cast as the daughter of the neurotic senator, she stages a moral battle with herself that is a thing of much more consistency than most audiences see nowadays and considerably better than even the story would indicate.

TONI GERRY, after squelching an early uneasiness, gave her role as the senator's youngest daughter a familiar, poignant reading, and Morris Erby, as the returning Negro vet, manages a convincing performance — he has done the

role several times in the past — in spite of an occasional tendency to overplay.

Lincoln Demyan functioned much better as lighting technician than in his role as Cousin Roy and it is doubtful if any sheriff — outside of Palm Springs during Rodeo Week — ever showed up anywhere in the garb George Byrne, Jerry Helm and Roy Baker were forced to wear. Some comedy relief was provided by Dolores Long, cost of an upstairs maid who spends most of her time downstairs.

THIS IS THE first venture into the realm of thoroughly dramatic theater by the Playhouse; the other

three efforts have been comedy and attempted comedy.

It is a welcome change and a cornerstone on some thought-compelling entertainment. The play itself has one minor defect in that D'Usseau and Gow allowed themselves to move to a point which called for a dramatic climax and then ignored that responsibility and substituted a "popular" culmination. It is a sometimes inspiring, sometimes exasperating story, one that is calculated to leave no one unmoved.

As that great American philosopher Thomas Lehrer once said, however, "Be it ever so decadent, there's no place like home."

## Zoning Protest Forecast

# Delay Foreseen on New Subdivision

On hand this week to see that no further action was taken on Dr. A. C. Reagan's proposed Gay Char Rea Unit No. 2 subdivision until the scheduled Feb. 24 hearing on the proposed W-1 zoning of a 12-square-mile area northeast of the City of Palm Springs. H. L. Thompson, Dr. Reagan's attorney, told the Board of Supervisors he has reason to believe that the Indian Agency will seek to have action on the proposed zoning postponed.

The supervisors held over for the Feb. 24 hearing a letter from Gil E. Ellington of Hollywood requesting continuance of the hearing to April 14 to allow sufficient time for his engineer to determine whether all or part of property he owns in the area is subject to flooding.

NO REPORT ON a proper access road was received this week by the supervisors from the road commissioner. They did receive a report from Bryant regarding proper flood protection plans, and from Planning Director Tyler Sues outlining normal standard conditions to be required.

Bryant said that Dr. Reagan's engineer, Albert A. Webb, has been informed by the flood control district that the subdivision will have to be protected by a levee passing a discharge of 55,000 cubic feet per second in the Whitewater River in accordance with the Moffatt and Nihol report adopted by the planning commission.

The levee must extend upstream

in a northwesterly direction to the northern edge of Section 36, thence easterly to a point approximately 300 feet south of the Southern Pacific railroad right of way, and then parallel with the railroad for approximately one-half mile.

WHERE THE LEVEE parallels the railroad tracks it should have sufficient capacity to pass the maximum discharges of the highway bridges located in Section 30 which might wash out the railroad and cross the proposed subdivision. In addition, the district spelled out construction requirements.

The conditions presented by Sues call for a 36-foot width paving of Direct Boulevard from Sunrise Way at the northern city limits of Palm Springs to the east boundary of the subdivision tract, with such drainage structures and other flood control protective de-

vices as may be recommended by the flood control engineer and road commissioner.

Also included in the conditions is a requirement for curb and gutter along the Direct Boulevard frontage where commercial development is indicated.

## Nothing to Sneeze At

SAN BRUNO, Calif. — (UP)—Herbert D. Shaffer, 47, sneezed and as a result, his big dirt-hauling truck smashed into a fire hydrant, flooding an intersection; smashed the front of an office building; knocked down two street signs and struck seven cars.

Police said that when Shaffer sneezed his head snapped forward, striking the steering wheel and knocked him temporarily unconscious. No one was hurt.

## Remains of the Crusading Sword

### This Side of The Sun

By Phat

It often takes time  
But, one by one,  
We have a way here  
Of getting things done.

I can recall many important things for the betterment of Palm Springs that remained in the talk stage for months — for years.

But eventually they materialized.

LIKE, FOR INSTANCE, a hospital for Palm Springs, Palm trees for Palm Canyon Drive, street lights, a wider bridge across Tahquitz channel, a bridge at Araby Point, paving of Indian Avenue, a new city hall (in fact, a city hall at all), Rose Tournament Float, many other things just gossip ten years ago, but now realities.

The latest is a municipal golf course. That was a topic of discussion for years but today it's in the bag.

WHEN I LOOK back over even the comparatively short time I've been here and all of the talk about the things that really jelled, I am not giving up hope for— That Mt. San Jacinto tramway. A by-pass road to take truck traffic off Palm Canyon Drive. A third bridge over Tahquitz channel. Adequate signal light protection for traffic. And a few other things long discussed.

YOU KNOW what might be a good idea?

Another "Y" at the north end of the city. Sure, that might make for another traffic jam like the one at the south end where Palm Canyon and Indian come together.

And perhaps it might relieve that one, too. For the heavy trucks wouldn't have to make so many sharp turns if they wanted to go over to the wider Indian Avenue at the north end. The turns are so sharp now, they avoid them and boom right on down through town.

SAMUEL GOLDWYN and Casey Stengel have long been famous for their malapropisms (that's a word I throw in here at no extra cost to you).

But we have some good ones right in Palm Springs. For instance, one gentleman whom I admire much, was talking about a certain situation here.

Said he: "There should be a city audience to stop that."

AND AGAIN, on one occasion he was stopped by the local constabulary who told him he had ignored a Boulevard Stop sign.

Having almost come to a stop, he protested:

"Maybe I didn't stop but I wasn't going."

Then there's another character who, sympathizing with a friend gazing ruefully at a broken rod in an important machine:

"That's all right, chum. Just take it down to the Desert Forgery."

LET'S CLOSE with an interesting bit of news. I read the other day that in 1958, 20 million pounds of glue were used sticking labels on the nation's 15 billion beer bottles.

### STAN DELAPLANE'S Postcard

Into the mothballs and closets this morning to haul out my tuxedo. (It is more chic to say "dinner jacket.") But when I bought this, we called it a tuxedo. That gives you an idea.

It is good as new and still fits. I hung it before an open window. There is a powerful odor of mothproofing throughout the room. I shall use it at the opening of the Nile Hilton in Cairo.

I DON'T THINK this suit will ever wear out. Ladies are constantly changing fashions and following Paris dictates. They wouldn't wear last year's dress to a dog fight.

I would be glad to wear my tuxedo to ANYTHING. But, cher Pierre, I can't even find a formal dog fight. I think I will probably have a formal funeral.

WHAT WILL MILADY wear on the banks of the Nile? That is an intelligent question. Thank you.

"Women are due for a rib-hugging experience this spring." That is the fashionable word. The designers are getting the bodice to hug the ribs—heaven knows why. Shoulders will be padded. And sleeves will be ballooned like harem pants. The waistline will be tight and high.

In a word, dear hearts: Reduce.

THIS IS NATIONAL Weight-Watchers Week. The week is sponsored by the Life Diet Bread people.

I have watched my weight for years, pouring on the molasses and other goodies. Nothing.

I remain at a constant weight. Whether I eat or whether I starve. Food apparently has nothing to do with my weight. My weight seems to be shifting slightly, that is all. It used to be up higher.

NO MATTER. The tailor can let out the waistband. Or I can stand straighter. Hold my breath. I really only notice it in this tuxedo when I sit down. You do not notice these things much in formal clothes. Because

### First-Night Audience Warm

NEW YORK—Broadway first-nighters are often falsely accused of being icy—and they proved it false when they broke into applause for Hans Conried (Jack Paar's frequent TV guest) when he shot over funny lines in "Tall Story," the Howard Lindsay-Russell Crouse comedy.

"I went to lunch at the Faculty Club—an organization composed entirely of gentlemen who have lost their faculties," was his snarler.

"I've never been so important since my bar-mitzvah," was another.

They also roared when the stern Prof. very drunk after a party, said, "I never knew I liked so many people I didn't like." And again when Marc Connelly, an actor now, said, "Leon is going to be a full professor," and his wife, Marian Winters, said, "He's a full professor now."

Crouse and Lindsay studied colleges at Ohio Wesleyan. They gave me an honorary degree there, but I'm the most uneducated doctor you ever met," Crouse said. "I didn't go to college. My college—"indicating the Belasco Theater and Times Sq.—"was right here."

Tallulah Bankhead's 56th birthday party—"b. Jan. 31, 1903," it says in Who's Who—drew all the VIPs to Le Opipon. 'Twas Carol Channing's birthday, too, but she could hardly get a word in, except when she did her impression of deep-voiced Tallulah throatily declaiming, "With my voice, I can go into places where no other woman can go." Tallulah told me, "I don't see why you want to mention my age when I'm so beautiful." Tallulah gave Carol a bottle of Joy perfume. "What does this cost?" Carol inquired. "I'm so glad you asked, darling," said Tallulah, "Ninety five dollars!" Tallulah recalled the best tale ever told of her age; when she once said to Irving Hoffman, "Dar-

ling, I don't look 40, do I?" and he said, "No, not any more." Lucille Ball claims one nice thing about being a man is, you don't have to kiss someone who hasn't shaved for two days. The Duke of Windsor observes that what he likes about America is the way parents obey their children.

## A Serious Government Ailment

WASHINGTON, D.C.—Welfare and reform legislation always wear a lace nightcap and quaint spectacles on the nose—"But what big eyes you've got, Grandma!" Bill introduced at the 86th Congress are not an exception. The wellish appetite of bureaucratic expansion shows up in the purest and best of the lawmaking.

Senator Kennedy's labor reform measure does a great deal to thwart union malpractices, but down in Section 111 we find this empire-building passage: "There shall be in the Department of Labor Reports, who ... shall receive (\$17,500) ... and ... the Secretary is authorized ... to appoint ... such personnel, including attorneys, as may be necessary ..."

SENATOR LYNDON Johnson's civil rights measure, called a Community Relations Service bill, wisely comes out against "the use of force in any manner." As a substitute for bayonets-in-Little Rock, this bill offers the service of the Federal Government "to the citizens of the communities in the States to provide assistance in conciliating these disagreements."

But down in Section 104 (a), we find the same building blocks or bigger and better job-yielding bureaus. "The Service shall be headed by a Director ... at the rate of \$20,000 per year ... There shall be five Assistant Directors ... at the rate of \$17,500 per annum ... and ... technical, clerical and other assistants ... (who) shall not exceed 100 at any time."

BOTH THESE Senators, as it happens, always rate as All

Stars in this column. One or both of them may live to be President. But the legislative breed, rather than the personality, is the point here.

If All Stars write explosive population features into their bills, it is easy although painful to guess what the lesser lights are doing. This Congress is teeming with a rabbit-rate procreation of legislative matter which deals with pleasing people rather than merely raising the necessary taxes and armies to keep the country in sound condition.

ANOTHER GOOD legislator, Congressman Porter Hardy, Jr., of Norfolk County, Virginia, sends me a longish report on Federal programs of international education. Now, here is a subject dear to the hearts of all who believe that Government has the function of uplifting people at home and abroad.

International education seems to come as the result of remorse, a sort of hangover, dealing with war. Cecil Rhodes and Senator William Fulbright both established international scholarships out of a wartime background. The present period of Cold War is a seed bed for such ideas.

THIS TIME TWO years ago, in the infancy of the 86th Congress, we were building up to 896 bills on education introduced in the 1957 session. Almost one out of every nine laws passed in that year was an educational law. Seventy bills — 20 in the Senate and 50 in the House — were directly related to international education. Practically all education bills, domestic and international, which failed in the 86th Congress are expected to

cascade upon the 86th Congress during the first session.

GOOD WILL and bright ideas are measurable by the carload in international educational legislation. But — oh, what clover for the bureaucrats to graze on and roll in! There is this statement in Congressman Hardy's report: "Each of the Department's and most of the independent agencies of the Government are carrying out activities in this field."

Everybody knows, of course, that the State Department, the International Cooperation Administration and the U. S. Information Agency are deep in programs on international education. But how many Americans realize that departments and agencies, paid to do domestic work, have broken through the fence into the clover patch.

WHAT IS SOCIAL Security doing in the field of international education? Why is the Department of Interior there? And the Veterans Administration? And the Bureau of the Census? And the Bureau of Mines? And the Civil Service Commission? And the Tennessee Valley Authority? And the Civil Defense Administration? Why are these agencies and scores of others, spending public money on foreign education?

There is an answer. The President, his Cabinet ministers, the Senators and the Congressmen won't like it — which is, perhaps, why the answer is not frankly and repeatedly given. The truth is that our Government is suffering from cancer — the uncontrollable increase of its cells.—Holmes Alexander

## Letters to the Editor

Editor, The Desert Sun:

Several copies of your editorial of January 22, regarding the revision of the State Constitution have been sent to our office through League members and friends not only in Palm Springs but in other communities throughout the state.

Since our "grapevine" has so efficiently operated in calling your editorial to our attention, we wish to take this opportunity officially to thank you not only for your wise and informed comments on the state constitution, but also for your kind words about the League of Women Voters.

We do hope that we can continue to justify your faith in the "active, helpful, intelligent and effective interest and leadership" of California's women. Our state convention in April will be deciding what steps the League of Women Voters will be taking in helping to improve the state constitution, as well as

reaching some areas of agreement on California's water problems, and we will be sending you our publications from time to time so that you will know of our work.

MRS. DAVID MENKEN, Vice President, League of Women Voters of California

Editor, The Desert Sun:

I should like to tell you how much I appreciate your gracious and most wonderful consideration in the handling of the interview with our uncle, Mr. Kokia. Please convey my thanks to Al Leance for his excellent story and for being so nice to us.

I hear from my secretary, Mrs. Fischer and the Cantor that this kind of consideration is standard policy from The Desert Sun and that the Center has consistently met with complete cooperation from everyone at The Sun.

Believe me, we are grateful

for your help in our efforts to keep public relations at a high level and without your help we could not do the job.

Thank you so much. JOSEPH HURWITZ, Jewish Community Center of Palm Springs.

Editor, The Desert Sun:

Inasmuch as I will be away from home, and, for a large portion of the time, out of the State of California, please suspend my subscription to the Sun. I use the term "suspend" because this is what it is. Surely, I will renew my subscription as soon as I am where it can reach me with anything like regularity. I expect to return home by December, 1959.

I like what I now call my "hometown paper." It is The Desert Sun.

## Chuckles in the News

United Press International MINNEAPOLIS, Minn. — Al Delafontaine, head of the Indian Trades Council, explaining why he called the Russian Embassy in Washington to ask for a 5-million-dollar loan to start industry on Indian reservations: "I'm convinced the American government has no intention of helping Indians to get their heads above water. The only job an Indian can get now is shining somebody's lousy shoes."

NEW YORK — Senate Democratic Leader Lyndon B. Alexander Brink of the University of Wisconsin that genes do not necessarily rely on mutation to create alterations in heredity: "If these findings prove generally applicable, an entirely new mechanism will have to be taken into account in explaining the origin of genetic variability, which itself underlies all evolutionary change. This discovery may well turn out to be

among the most significant basic discoveries in genetics."

NEW SHOES FOR NICKEY Williams are fitted by Clarence Turner, manager of Grone's Children's Shoe Store here. Nicky is a nine-year-old polio patient at Angel View Crippled Children's Clinic. (Desert Sun Photo)

## HAPPIEST FEET IN TOWN ARE NICKEY'S

DESERT HOT SPRINGS — Nine-year-old Nicky Williams has a new pair of shoes today.

And Nicky, a polio patient at Angel View Crippled Children's Clinic, has the happiest feet in town.

Three years ago, Nicky came to Desert Hot Springs from Blythe, unable to crawl or even sit because of polio's crippling affects.

NICKY CAN WALK now, with the aid of leg braces and crutches, and shoes are a big item in his life.

His new, specially made shoes were fitted at Grone's Children's Store when he went to Palm Springs as the weekend guest of Mayor and Mrs. Frank Bogert.

Nicky is now an out-patient at the clinic, but, like many other

clinic youngsters, he still requires the careful ministrations of Angel View specialists.

RIGHT NOW, THE cost of Nicky's room and board in Desert Hot Springs is financed by the efforts of the community's "Easter Bunny Lady," Mrs. Flo Montgomery. Mrs. Montgomery leaves her regular job for a month each year to create and market her "Hi Fashion Easter Egg Bunnies."

Sale of the bunnies add needed funds to clinic operations.

The bunnies will be on sale in Palm Springs the first week of March and will be available through the Palm Springs Auxiliary of the Angel View Crippled Children's Foundation.

# All States But Kansas to Have Higher Budgets, Taxes

(EDITOR'S NOTE: Although the new federal budget is slightly lower, the trend of state spending—and state taxes—is markedly upward. Rising state budgets will offset reductions in the federal outlay. The situation across the land is rounded up in the following dispatch based on a survey by UPI bureaus in the states.)

By RAYMOND LAHR  
United Press International  
WASHINGTON (UPI)—State budgets are going up like robust mountain climbers and so are state taxes.

In more than half of the 45 states whose Legislatures meet this year, new taxes or increases in present levies are possible or probable and in some cases certain.

IN ALMOST ALL states where governors have submitted budgets for the coming fiscal year or biennium, their budgets are higher than the best ones and many are all-time highs. The same upward trend is expected in those still to come. An exception is Kansas.

Nelson A. Rockefeller of New York and Edmund G. Brown of California—the new governors of the two biggest states—each has given his Legislature a record budget for the next fiscal year. Rockefeller's included a fat tax package to raise \$277,000,000 and Brown asked for tax increases totaling \$256,000,000.

IN MICHIGAN, Gov. G. Mennen Williams is beset by a financial crisis so severe that state uni-

versities were borrowing from banks, which have now shut off further credit. He has asked for 140 million dollars a year of new revenue. Michigan expects to have a deficit of 110 million dollars by July 1.

The Indiana Legislature received its first billion dollar budget this year for the coming biennium but it can be handled with no new tax increases on top of those enacted two years ago. Virginia moved into the billion dollar budget class last year.

IN NEW JERSEY, Gov. Robert B. Mayner also presented a record budget but said it could be balanced without a tax increase.

Illinois and Pennsylvania legislators will receive budgets in the neighborhood of two billion dollars

for the next biennium. Both are expected to include proposals to increase the take from state sales taxes. Gov. David L. Lawrence of Pennsylvania thinks his state will need about 400 million dollars in new revenue for the two-year period.

NEW OR INCREASED state income taxes, higher and/or broader sales taxes and increased excises on liquor and tobacco are the most widely proposed measures for raising new revenue.

Like the federal government, 10 states already withhold income taxes from paychecks. Rockefeller's and Williams' tax programs call for withholding taxes in New York and Michigan. The same proposals are getting attention in Minnesota and Massachusetts,

where the Legislatures have rejected them in past years, and in North Carolina and South Carolina.

MASSACHUSETTS is in trouble, too, with a 35 million dollar deficit expected this fiscal year. Gov. Foster Furcolo wants a withholding system to collect state income taxes and a new but limited sales tax of 3 per cent.

Other states where new or revised sales taxes in some form are getting attention include Arizona, Illinois, Missouri, Ohio, Pennsylvania, South Carolina, Vermont and Washington. Some Minnesota legislators want to levy a sales tax, but Gov. Orville L. Freeman wants to raise income taxes and excises on liquor and tobacco.

In Kansas — an exception — Gov. George Docking's budget for the next fiscal year is about 7 million dollars lower than this year. He is asking for a new truck tax and for a reduction of the 2½ per cent sales tax to 2 per cent. The Legislature has not reacted favorably to either proposal.

## Tourist Calendar Is Issued

The Palm Springs Police Show, Rodeo, Desert Circus and Sports Car Races are among the "100 Most Colorful Events in Southern California" chosen by the All-Year Club for a new tourist calendar published today.

Events selected are those most likely to interest the more than 4,000,000 tourist visitors who come here from other states and foreign countries and spend over one-half billion dollars here annually.

THE ALL-YEAR Club, community organization whose job it is to attract the tourists, has found the Southland's unusual variety of colorful events to be a very potent help in its work.

The new edition of the "100 Most Colorful Events" will be distributed throughout the United States and Canada. It will reach thousands of newspapers, magazines, news syndicates, newsreels, photographic agencies, radio and television stations, travel editors, writers, and travel bureaus.

The calendar describes the Palm Springs events as follows:

"PALM SPRINGS RODEO. At a time when most other arenas are icy and cowboys holed up for the winter, it's balmy rodeo weather at this desert resort. This RCA show brings out the nation's top cowboys for bronc and bareback riding, bull riding, roping and steer bulldozing."

"PALM SPRINGS Desert Circus. Desert resort dons western dress for program of Village Insanities, barbecue, chuckwagon breakfast, desert rides, dancing and parade."

"PALM SPRINGS Sports Car Races. Held on the tricky 'L' shaped course at the airport near this famed desert oasis resort."

Among the guests at Sunair Motel are Mr. and Mrs. E. R. Fitzgerald here for two weeks from their home in Olympia, Wash., and Mr. and Mrs. George Leebody who arrived from Los Angeles for a three-week desert vacation. Dr. and Mrs. J. Hudson Ballard are stopping at the Sunair while Dr. Ballard gives a series of lectures on psychology and better living at the Cathedral City Community Church.

New at Wanda Hunick's Allure Salon in the Sunair Center Building is the new therapy-cycloid lounge and Vivian Woodard Cosmetics. Mrs. Hunick and her assistant, Genra Andrews, in association with Mr. and Mrs. C. T. Daniels, will have a booth at the Indio Fair and will give free demonstrations of the new equipment and cosmetics.

Arriving from Newcastle, Pa., last Friday for a visit here, Mr. and Mrs. Richard Rents spent the weekend as houseguests of Mr. and Mrs. Robert Hollister of Clark Hollister Realty at their home on Palo Verde Drive.

## Jones Delays Decision on Net Captaincy

Will Accept If He Can Devote Full Time to Position

LOS ANGELES — UPI — Perry T. Jones said today he won't make up his mind about continuing as captain of the U. S. Davis Cup tennis team until he has had a chance to make sure he could again devote full time to the assignment.

"I would consider it a great honor," Jones said concerning the offer to repeat as captain of the Davis Cup team which beat Australia in last year's challenge round.

But Jones, already concerned that American tennis may become complacent because of the return of the cup, said "many matters have to be evaluated first, including private business responsibilities and those as president of the Southern California Tennis Association."

He expects to meet early next week with Southern California tennis leaders before making a decision.

## Hollywood Park Pursues to Pass \$3 Million Mark

HOLLYWOOD — Thirty-three stakes — five of them for \$100,000 or more added — will headline the thoroughbred racing program at Hollywood Park's 35-day meeting from May 8 to July 22, Vice-President and General Manager James D. Stewart announced today.

Totaling an estimated \$1,235,000 added, the Hollywood Park stakes schedule will again be the richest in the world for one meeting. It is estimated that the "overnight" races — the non-stakes events which will make up 90 per cent of Hollywood Park's program — will be more than double this figure at approximately \$2,415,000. This will make the total purse distribution an estimated \$3,650,000 thus insuring Hollywood continued world leadership in prize money for one meeting.

For three-year-olds and upward Hollywood will offer 16 stakes, headed by the \$162,100 guaranteed Hollywood Gold Cup July 11, the \$100,000 added Californian May 23 and the \$100,000 added Sunset Handicap on closing day, July 22.

Eight stakes for three-year-olds will be climaxed by the \$100,000 added Hollywood Derby June 27. This mile and a quarter championship event now assumes its original name, having been called the Hollywood Derby from 1933 through 1947 and The Westerner from 1948 through 1953.

Two-year-olds will have nine stakes, topped by a new \$100,000 race, the Hollywood Juvenile Championships July 12, which will replace the \$75,000 added Starlet Stakes.

## Speed Pays Off As Flanagan is Given Decision

ST. PAUL, Minn. (UPI) — Speed was the difference between victor Del Flanagan and vanquished Ralph Dupas, but the officials and the fighters all saw the same thing differently.

"Sure, he hit me more," Flanagan said, "but they were just light taps and when I hit him, I hit him hard."

"Why, I hit him four or five times for every punch he landed," Dupas said, complaining bitterly about a "hometown" decision.

Flanagan, who had been fourth ranked among the welterweights, gained a split decision for his seventh straight triumph. Judge Jim Perrault gave Dupas, who was third-ranked, a 97-96 edge.

The United Press International card was 97-95 for Dupas, and representatives of the four St. Paul-Minneapolis papers also scored the bout for Dupas, one of them by a 98-94 tally.

But Judge Dick Delaney made it 98-95 for Flanagan and referee John Stanton 97-95 for the Minneapolis boxer to give him his 93rd win in 110 pro bouts. It was Dupas' 11th defeat in 91 matches.

## To Seek Partial Pardon

LOS ANGELES — UPI — The University of Southern California walked a tight-rope today with a stricter policy on recruitment of student athletes but fretted under NCAA penalties and hoped for a partial pardon.

The university, ham-strung in its quest for national honors because of NCAA sanctions, said, in effect, "Look, what a good boy am I!" But at the same time asserted it was never a really bad boy.

Two paid Trojan recruiters were wrist-slapped for incurring NCAA wrath with over-zealous approaches to two football prospects in the East, the SC alumni organization was requested to refrain from contacting prospective student athletes, and the university administration in regard to student affairs including athletics was "reorganized."

THESE DEVELOPMENTS were announced at a press conference Wednesday by SC President Dr. Norman Topping who said he would present a formal appeal for alleviation of penalties to the NCAA Executive Committee meeting in April.

Dr. Topping said he hoped the NCAA would lift a ban on participation by Trojan athletes in national championship events for one year and would allow strong SC teams in tennis (led by Davis Cupper Alex Olmedo), baseball and track and field to compete for national honors.

Topping also said he hoped that the expiration date of this ban, Jan. 7, 1960, would be pulled back to the first of the year so that the Trojan football team could become eligible to compete in the New Year's Day Rose Day Bowl game.

TOPPING APPEARED uninterested in allocation of other NCAA penalties such as ban on appearance of any Trojan athletes in NCAA-sponsored televised events (and financial receipts thereof). This penalty was set at two years.

Topping went on to say Al Davis, an assistant football coach, and Nick Pappas, alumni field secretary, "have been reprimanded, placed on probation, and taken out of all recruitment activities. Other assignments in the university will be offered them so their loyal interest and energies can best be utilized."

## Becerra 10 to 8 Favorite to Beat D'Agata Tonight

LOS ANGELES (UPI) — With a shot at the bantamweight title as the prize, Mario D'Agata of Italy and Joe Becerra of Mexico clash tonight in a 12-round elimination bout at Olympic Auditorium.

Although d'Agata is the former champion, the rugged Mexican slugger was a 10-8 favorite to eliminate the deaf mute Italian and win himself a title bout with champion Alphonse Halimi this spring or summer.

Matchmaker George Parnassus signed Halimi to meet the winner during a European tour this winter and said the bout would be staged either here or in San Francisco. If Becerra wins, the fight for the title will be held here.

If d'Agata wins, it may be either here or in San Francisco.

The little Italian became champion in 1956 by scoring a technical knockout over Robertohen in Rome. He lost the title in Paris the following year to Halimi but claims he should have won except for the fact that the fight was held up 18 minutes by a ringside fire.

Becerra is ranked fifth among the bantamweights while d'Agata is third.

## Virginia Kidder Wins Award of Sports Car Club

Virginia Kidder won the President's Trophy for participation in all events of the Palm Springs Sports Car Club during 1958 at the meeting of the club this week at the Palm Springs Import, Cathedral City.

Carroll Waller, president-elect, presided.

Dick Mayo and Chio Shipman were on the committee compiling the points for the trophy award.

An interesting film on the 1958 Grand Prix at Monaco was shown.

Next monthly rally will be held February 28 with Shipman as Rallye master.

Tomorrow night the club will be entertained at the home of Mrs. Ruby Myers, Rancho Mirage.

## Deft Touch Needed to Win in Phoenix Open

PHOENIX, Ariz. (UPI)—The \$17,500 Phoenix open golf tournament got under way here today and the prediction is that it will take a man with a feather touch on the putting greens to win the jack-pot.

The country's top touring professionals tested the course Wednesday and found the greens so fast that it was hard to keep the ball on line.

"The greens are tough," said Mike Souchak, who tied for the pro-division championship in the pro-amateur tourney with young Tony Lema of San Leandro, Calif. "They are not real good to putt on. The fairways are fine. But it will take a light touch around the greens."

Mike had that Wednesday as he and Lema posted 65s, collecting \$225 each. Arnold Palmer, the Masters champion from Latrobe, Pa., won the pro-amateur division with the help of three amateurs who combined with Arnie for a 56. That was worth \$200 to Palmer.

Defending champion Ken Venturi, who sat out the pro-am competition Wednesday, is listed as the favorite. He likes the Arizona courses. His title was won on a neighboring course at the Phoenix Country Club.

But with the premium on the greens, favoritism should fall to such fine putters as Art Wall, the leading money-winner of the year; Billy Casper and veterans Lloyd Mangrum and Marty Furlong.

The tourney is a 72-hole affair with the final round set for Sunday.

## Tempest II First In San Pasqual In Speedy Time

ARCADIA — UPI — Mark down the name of Tempest II as a new star among the Handicap horses as a result of the English-bred's wire-to-wire victory Wednesday in the \$27,800 San Pasqual Handicap at Santa Anita.

Tempest II showed speed against non-handicap horses but could not find himself in a stakes until Wednesday. He suddenly made up for his previous lack of speed by racing to a 1 1/2-length victory over some of the best handicap horses on the grounds, excluding Round Table and Hillsdale.

Carrying 120 pounds, Tempest II tiptoed out of the gate in the mile and a sixteenth race, shot to the front and stayed there to the finish. His time was a respectable 1:42 3/5. The Searcher was second and Eddie Schmidt third.

## Visitor Winning War on Insects

Maurice C. Chier, a Milwaukee insurance salesman who knows what he wants when he sees it, spent a half-dozen years locating Palm Springs.

Now, with the aid of a revolutionary new insecticide, he figures he'll stick around for a few winters.

CHIER, ONE OF the few members of the Million Dollar Round Table of the National Association of Life Underwriters (that means he's a top salesman), spent some time in Phoenix, additional time in Los Angeles, and still managed to suffer from the bad winter weather. Chier was once heard to quip that "winters in L.A. are almost as lousy as winters in Milwaukee — except you get foul air in Los Angeles."

Then someone told him about Palm Springs and in April of 1958, the jovial, smiling Chier came to the Village.

"I was here about a week and I knew I'd be coming back," he said. "I started looking at houses and someone showed me Gummo Marx' place."

"I SAW IT ON Wednesday, bought it on Thursday and moved in on Friday."

It should have been a happy ending for Chier but it wasn't. Within a week of his putting down roots in the district, he had visitors.

"Gnats," he said. "Gnats and flies. I never saw so many gnats and I never saw so many flies. I was sick."

But the Milwaukeean didn't become a member of that Million Dollar Round Table by carrying a defeatist attitude around with him. He heard some Villagers explain that it was something you had to "put up with" if you live in the desert and others simply shrugged.

## CC, PD Burning Permits in Gain; Warning Issued

Fire permits for the Cathedral City and Palm Desert areas showed sizeable increases this year over the 1958 totals, but California Forestry officials at the two points yesterday warned that many residents in the area still have not taken out 1959 permits.

Persons burning refuse after Jan. 1, without a 1959 permit, are in violation of law and open to citations by the Forestry Division, the two officials said.

George Herrick, in charge of the Palm Desert Forestry Office, and Andres C. Smith, foreman at the Cathedral City office, advised desert area residents to obtain burning permits "immediately" at whichever of the two locations is closest.

The Cathedral City office is open 24 hours per day each day of the week, Smith said, and the Palm Desert office will issue permits between 6-11 a.m. daily, Herrick said.

## Misunderstanding Reported on Kirk

A misunderstanding over the submission of a name by Superior Court Judge Hilton McCabe for duty on the Riverside County Grand Jury, has drawn irate fire from the judge of Department Four in Indio.

A report from Riverside said that Kenneth B. Kirk, Palm Springs, was not a resident of Riverside County and therefore could not serve on the 1959 Grand Jury.

JUDGE MCCABE, however, was sure of Kirk's residence, and immediately started canvassing county administrators to find out the source of the false information.

Because of Kirk's extensive interests in Los Angeles, he has now been excused from Grand Jury duty. He is, however, a legal resident of Riverside County and holds the position of chairman of the Desert Hospital Board.

JUDGE RUSSELL Waite, presiding judge in Riverside County this year, said this morning that the entire incident was a misunderstanding. He reported that his bailiff had called the Kirk home in Palm Springs and had misinterpreted the information he had received from the housekeeper.

members of the jury who have already been appointed back to his court on Friday, and will appoint two additional members to fill out the panel. The judge also said that he had excused another member of the jury, Henschel Shaw of Banning, who will be out of the country for six months during the next year.

NAMES OF SEVEN additional persons were drawn this week, and the two additional members will be appointed from this seven.

This is the first time since 1950 that Riverside County has not been successful in appointing a Grand Jury in its first attempt.

Persons already appointed to the jury are Laurence Crossley of Cathedral City; Horace Miller of Ripley; Paul Jenkins and Mrs. Douglas Waldron of Indio; Mrs. Gertrude Harriman of Hemet; Mrs. Allabelle Morrell and A. M. Root of Corona; Mrs. Jesse Fondreaux, Mrs. Ozella Smith, Stephan Root and Edward E. Hahn, Jr., of Elsinore; and from Riverside, Alvin J. Neilsen, Howard G. Hall, Mrs. Peter Van Elten, Mrs. Charlotte W. Cuffield, Mrs. Carol M. Ryan and Elmer M. Klatenstein.

No jurors were picked from Palm Springs.

## SUPERVISORS TIFF ON BALLOT SWITCH

The bickering which has become increasingly evident at sessions of the Board of Supervisors since Supervisor Paul Anderson was reappointed chairman and the effort by Supervisors Fred McCall and William Jones to put Supervisor Curtis Chamberlain at the head of the board failed, was rampant Monday in an argument over legislation proposed by the County Supervisors Association of California relative to election of county officials.

In a three to two vote the board approved a motion by Supervisor Jones that the board oppose any legislation which might eliminate the election of county officials in favor of appointing them, and instructed county counsel to prepare a resolution to that effect.

SUPERVISOR CHAMBERLAIN, who holds the pivotal position on the board, with Jones and McCall invariably opposed to Supervisor George Berkey and Supervisor Anderson, voted with McCall and Jones to carry the motion made by Jones. Previous to the battle over the reelection of Anderson as board chairman, Chamberlain had fairly consistently swung the pendulum in the other direction.

Supervisor Anderson is chairman of the government operations committee of the state's County Supervisors Association which made the recommendation that permissive legislation be introduced by the association which would allow each county to decide by an election whether some of the officials now elected should instead be appointed by supervisors. Excluded from the officials on which a choice might be made by the people would be the sheriff, district attorney, and auditor.

Supervisors in each county would, by the proposed bill, be given the prerogative of putting whatever other official positions they might decide on the ballot for decision between electing and appointing.

ANDERSON SAID that he believes that the office of coroner, for instance, might be better appointed than elected.

Supervisor Jones tried hard to prevent Supervisor Anderson from

explaining the proposed legislation. He charged that Anderson favors the bill because he is chairman of the committee that proposed it, and declared, "The supervisors association is a travel agency for members of boards of supervisors throughout California."

Anderson replied that legislators at the state level look to the supervisors association for advice on matters affecting counties. He said he believes that as representatives of the people in the county the supervisors should mingle with supervisors from other counties and exchange ideas with them. "You can't sit here and gaze into a crystal ball," he declared. "You learn things by getting out and making contacts."

"I BELIEVE MOST officials should be elected," said Anderson, "but I'm not opposed to putting it on the ballot for a decision by the people on some of the minor officials."

"I didn't intend to get into a filibuster," said Jones. "I'd just as soon go on to other business on the agenda now."

"That's understandable," retorted Anderson. "You like to talk yourself, but you don't want to listen to a rational discussion by anyone else!"

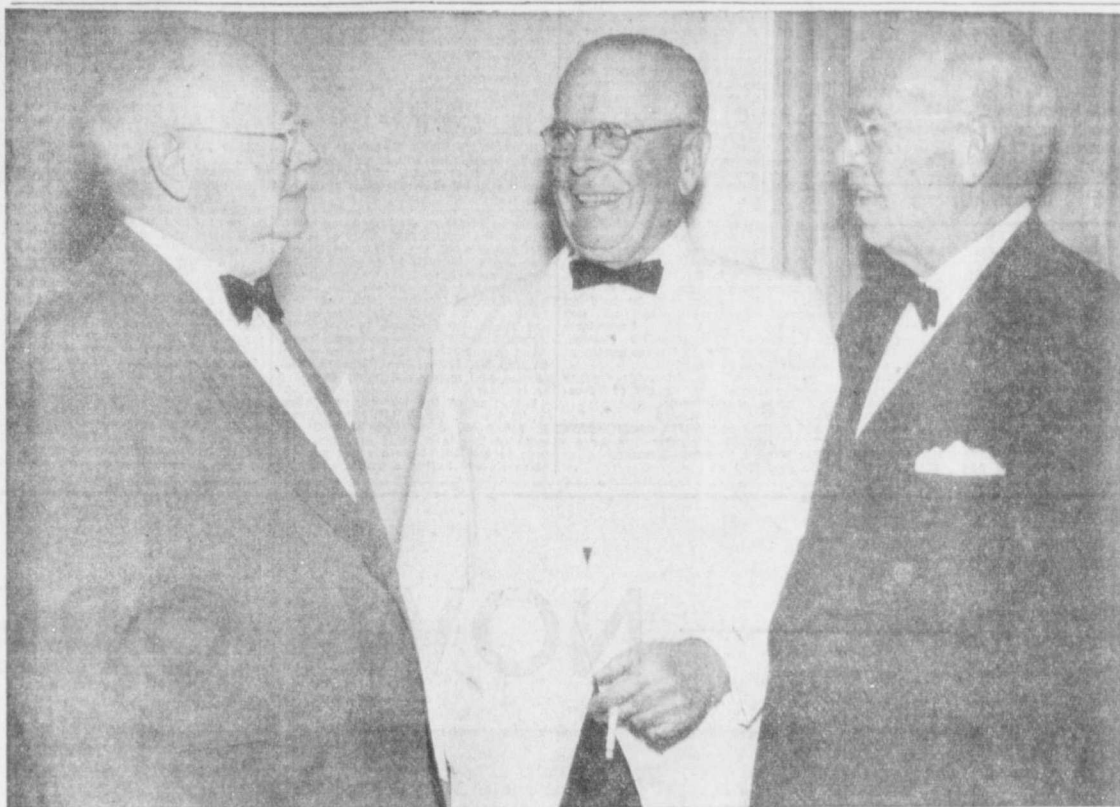

### Advice Too Good

BOSTON—(UPI)—On the blotter of a suburban police department are these two entries by patrolman Joe Falvey:

"7:10 p.m.—A woman on North Pleasant street called and said she had a skunk in her cellar. I told her to get some meat scraps and make a trail from the open cellar door to the back of her yard. Told her to watch from the window and when skunk followed trail of meat scraps, to close the cellar door gently."

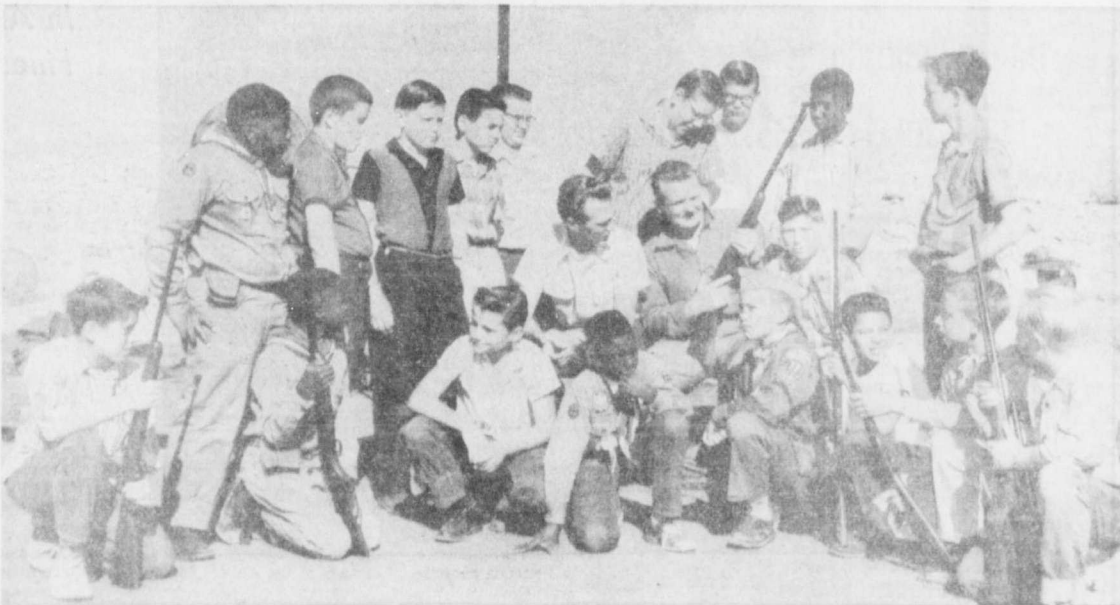

"8:40 p.m.—The woman on North Pleasant street called again. She reported she did like I told her with the meat scraps and now she has two skunks in her cellar."

## Traffic Accidents in State Claimed 3,510 Lives in 1958

Traffic accidents on California's streets and highways took the lives of 3,510 persons during 1958, a decrease of 181 from the previous year.

California Highway Patrol Commissioner B. R. Caldwell, in announcing the official figures, added that the number of persons injured increased by slightly more than one-half of one percent. The 1958 total was 135,965, a gain of 743 over the previous year.

"A REDUCTION OF almost five percent in fatalities is gratifying and encouraging," Caldwell said, "but it should be looked upon less as an accomplishment than as a challenge to do even better this year. There can be no let-up in the continuing fight to save lives."

The CHP official noted that 2,177 of the victims were killed on rural highways and 1,333 on city streets. Of the persons injured, 83,515 were hurt within incorporated areas and 52,450 outside of cities.

CALDWELL SAID that more than 90 percent of the accidents investigated by the patrol were caused by a traffic law violation. "Excessive and unsafe speed were major contributing factors in 36.4 percent of these accidents," he declared. "Driving too fast for

Americans took out 14,918,416 hunting licenses last year.

## DHS Incorporation Benefits Told

DESERT HOT SPRINGS — Incorporation could create a completely balanced budget with a \$25,000 credit at the end of its first year here, Dr. James Compton, publicity chairman for the Desert Hot Springs Chamber of Commerce, declared yesterday.

Dr. Compton made his prediction on the eve of the mailing of comprehensive literature on the subject of incorporation to citizens of this area.

INCLUDED IN THE material is a detailing of finances that will accrue to the city upon incorporation. The estimates were thoroughly checked by the Chamber's Incorporation Committee with financial experts in both Riverside and Palm Springs, Dr. Compton said.

"There were 21 towns in Los Angeles County incorporated last year," Dr. Compton said. "Four

of the larger ones are successfully functioning without any added city tax levy."

DR. COMPTON said that procedure to be followed in the proposed election will consist of establishment of Desert Hot Springs corporate boundaries by the County Board of Supervisors, setting of election date by the supervisors and election of the area to sixth class cityhood. Election of five or seven councilmen will also be held simultaneously with the incorporation election.

If the election is successful, the council would also have to appoint a city manager and hire other city personnel.

**SMOOCHING CAMEL**—Boys and girls have been asked to suggest a name for the little one-year-old camel shown above bussing Linda Kennedy, "Miss Coachella Valley" in the Queen Scheherazade contest of the Riverside County Fair and National Date Festival. The camel recently was acquired by the Date Festival and will be a permanent resident of the fairgrounds at Indio. She will be much in the eyes and camera lenses of thousands attending the Festival Feb. 14 to 23.

## BEST CAMEL NAME WILL WIN A BIKE

Help from boys and girls in naming a one-year-old camel which makes her home on the fairgrounds here was asked today by officials of the Riverside County Fair and National Date Festival.

To the one suggesting the name finally chosen for the affectionate little dromedary will go an expensive bicycle as a prize. The contest is open to boys and girls under 12 years of age.

**THEY MUST SUBMIT** their suggested names at the camel pens on the Date Festival grounds during the course of the 1959 exposition, Feb. 14 to 23.

Born in February of last year, "Miss X"—as she must be known until properly christened—was acquired recently by the Date Festival from Gene Holter's Animal Farm at Norco. An old male, Jemeel, was traded for the year-

ling. It is from Holter's farm that the Festival rents additional camels each year to use in the comical camel races that provide a good laugh for spectators at the National Horse Show which is staged each afternoon of the 10-day Festival.

**THE YOUNG CAMEL'S** pen adjoins that of another female camel, Noor, which has been nicknamed Nora by Arturo Aguirre, the man who takes care of the animals year round.

Both camels are the center of attraction during the run of the Festival and are photographed hundreds of times daily. The camels are "in character" with the unique fairgrounds of the Date Festival whose buildings are in the Arabian motif, and whose grounds are studded with real date palms. The palms came from Algeria more than half a century ago.

## 'Footprints of the Creator' To Be Church Program

A retired Lutheran minister who believes God has a sense of humor will present a series of color slides together with his commentary on "Footprints of the Creator" at 8 p.m., Friday, in Our Saviour's Lutheran Church here.

Rev. Herman Bielenberg, one of three five-star color slide exhibitors accorded that honor by the Photographic Society of America, has presented his award-winning film more than 400 times in 20 states.

A series of well-known hymns and sacred songs compose the background for Rev. Bielenberg's film.

Camera clubs, photo enthusiasts and the desert area public are invited to attend the special event.

The Strategic Air Command's B-52 Superfortress can fly faster than 650 miles an hour and higher than 50,000 feet. It can travel 6,000 miles without refueling.

# Silver Anniversary Celebrated at El Mirador

## Waters' Host Black Tie Soiree

The black tie dinner which Mr. and Mrs. Norman Waters hosted at El Mirador Tuesday night, celebrating their 25th wedding anniversary and honoring their houseguests Mr. and Mrs. William J. Mougey of Washington D. C., was the largest private party ever given in Palm Springs and rivaled the big charity balls for beauty.

Over two hundred and twenty five guests gathered in the Kiva Room for cocktails, and a giant "25" carved out of ice, topped the buffet table laden with hot and cold canapés, specialties of Chef Gerhard Knaak. El Mirador's Tex Kidwell sang during the cocktail hour, while the Waters and the Mougey received the arriving guests. Mrs. Waters was charming in an evening gown of flowing yellow chiffon and Mrs. Mougey wore a beige satin evening gown.

The huge party filled El Mirador Room and the Garden Room, with tables for eight, each hostessed by one of the following women: Mmes. B. J. Sanchez, John Costello, George Braley, Carl Williams, Henry Dillard, George Robinson, Charles Becker, William Malouf, Hathaway Kemper, E. V. Anderson, Frank Bogert, John McClure, R. H. Fleet, Gordon Prentice, Jack Bligh, Glenn Austin, Edwin Fallgren, Mel Eaton, Lou Manseau, Harold Cooper, Joseph Froggatt, Harrison Fisher, Mil Gray, Maurice Horner, Harold Murphy, Paul Reynolds, Roy Colegate, William Reichel.

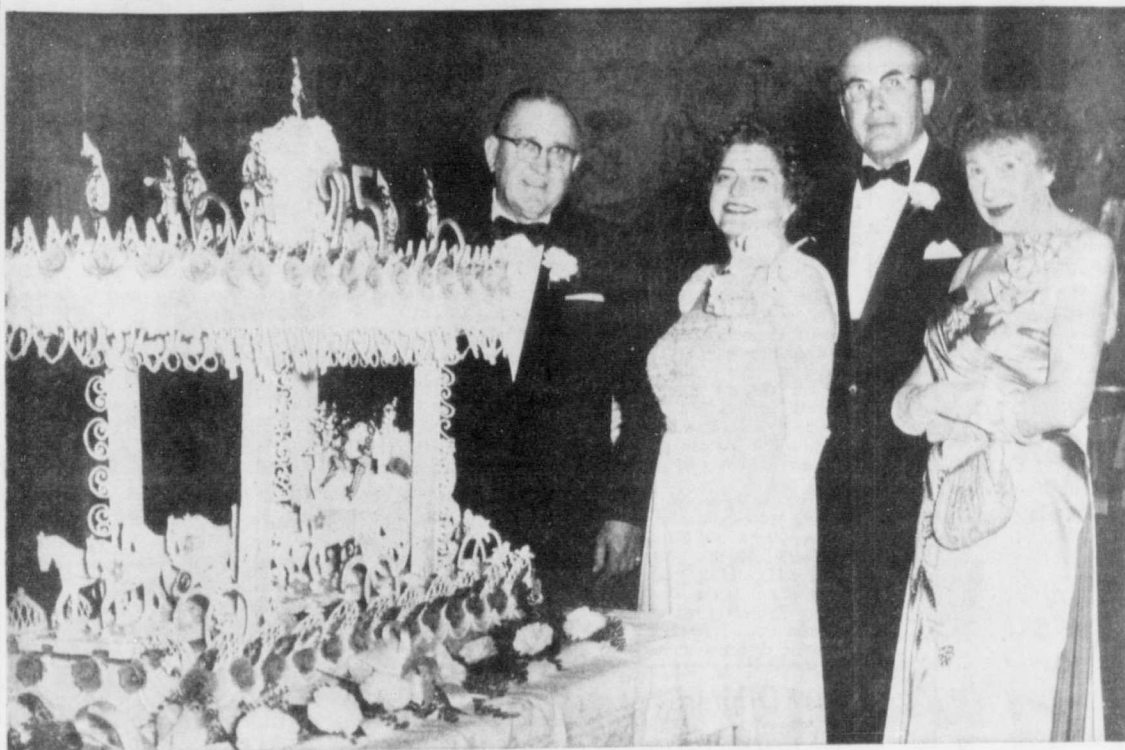

Elaborate floral arrangements, in silvered manzanita holders, were topped with curling yellow plumes, rising above yellow tulips and yellow roses mingled with white stock and white candytuft. The giant anniversary cake occupied a long table in the center of the dance floor during dinner, and its two enormous layers were intricately decorated with roses and scroll, and it was fashioned like a canopy structure, with twisted posts holding the second layer aloft. There was a stagecoach and eight horses on the lower layer and a marching band on top.

Billy Allen and his orchestra which played for the dancing, played the anniversary waltz, and after cutting the first slice of their cake, the host and hostess circled the floor to the applause of their guests. Reuben Fleet proposed the anniversary toast, which was drunk in champagne.

Among the out-of-town guests were Mr. and Mrs. Peter B. McHugh, former Hoosiers now living in Santa Barbara, who left yesterday after a week's stay here with Mr. and Mrs. Hathaway Kemper.

Among other guests besides the hostesses and their husbands were Messrs. and Mmes. Herbert Samson, Tom Kieley, George Barrett, Frank Hoy, Dennis Simms, Fred Ingram, Dick Edwards, John Kenaston, Fred Halliday, Ted Smith, Ward Risvold, Joseph Hutchins, Joseph Crutten, Joe Hale, Fred Klemp, Herbert Burns, Earl Cordrey, Harold McAlister, Harrison Fisher, Burt Fisher, Henry Hoheman. ## Spring-Summer Collections from Italy Seems Aimed at Restoring the Wolf Whistle

By SHEILA WALSH  
United Press International  
ROME — UPI — Italian designers spring — summer fashion showings offered a collection aimed at restoring the wolf whistle.

All indications were the 1959 glamour girl would look more like Sophia Loren and less like Napoleon's Empress Josephine. Words like "waistline" and "bosom" were being used in polite fashion society for the first time since revival of the "empire" line. The very high empire waistline is going back to the point where the anatomy books put it. After the sack and the semi-sack, the style dictators have become as figure conscious as Hollywood's producers.

Rome's four-day round of fashion previews began with a colorful display of high accessories and some new, ingenious shapes for shoes and handbags.

High fashion collections by Marini-Conterno and Rapuano accentuated "femininity" and "grace." Half a dozen boutique designers, many new to the international fashion scene, showed the kind of eye-catching beach and casual clothes that made Italy famous.

—High fashion collections inspired by the Roman springtime. Japanese paintings, birds, and flowers were previewed.

The themes were different but the designers agreed on the gen-

eral Roman trend towards the softer feminine silhouette.

Gregoriana's flower petal line was marked by rounded bodices, important collars that frame the neckline and short skirts.

Mingolini-Gugenheim insisted on a natural waistline. Their bird motif comes out in "swallow tail" evening gowns, short in front and long in back.

Luciani keeps the hemline up but brings the waistline down. The collection is done in the bright, fresh colors of Rome in the springtime.

Japan with its kimono, obi sashes and rich fabrics sets the mood of the De Luca collection. Barbara presents a soft line that accentuates the hipline and the décolleté.

A 26-year-old newcomer Patrick de Barentzen opened his brand new workshop with a dramatic high fashion collection. Hemlines were well above the knee; skirts were tucked or puffed out to emphasize the roundness of the hipline; the waistline was marked by buckle belts or seams.

De Barentzen presented one black evening dress with a pair of ruffled pink pantaloons. The hemline was six inches above the knee so the fancy drawers were almost a necessity.

The themes were different but the designers agreed on the gen-

MA AND PA O'HAGEN, who have put in more than half a century doing their song and dance for vaudeville crowds the world over, did their act at Sheppard's, then repeated it at Pleasure Inn. The couple—shown flanking their foster daughter May Branch, organist at Sheppard's—now live in San Diego but are always ready to entertain wherever they go. (Desert Sun Photo)

## VAUDEVILLE MEMORIES REVIVED BY MA, PA O'HAGEN

By GEORGE LAINE

A couple of old-time hoofers put in a pair of appearances in the desert area this week and twin-handedly almost revived vaudeville.

They are Ma and Pa O'Hagen, who have spent more than a half a century in show business, and who vow that they keep young and healthy by refusing to roll over and play dead.

"WE'VE GOT A philosophy of life that works," Ma, who is 66, said yesterday, following appearances at both Sheppard's Restaurant and Pleasure Inn.

"Yep," added Pa, now going on 72. "We just do everything we

used to do — only more so."

The pair, who reared four children of their own and 15 foster offspring, broke into the same old song and dance that has fructured vaudeville audiences for more than 50 years, at Sheppard's, with one of their foster children — Sheppard organist May Branch — providing the background.

THEY SANG THE old songs, things like "Galway Bay" and "I'll Take You Home Again, Kathleen" but couldn't keep still long enough to do more and plunged into the up-tempo things — like "Ida," "Dinah" and "Sweet Sue."

"We even sang some rock and roll when we were on our last

tour," Ma said. "We sang 'Tonight's the Night' and that kind of thing. We were in a show with the Platters and some other rock and roll groups and they said we sang rock real well."

"It was just for fun, though," she added.

"Vaudeville is built on variety, y'know," chimed Pa.

THE O'HAGENS headed for San Diego, but will be calling back here soon.

"We like the desert," they chorused. "It's beautiful. And the people are friendlier than you find anywhere nowadays."

That makes it easy for the O'Hagens. They're bound to be friendly anyway.

## Your Car and The Law

### BONDING LAW CUTS DEALER RANKS

A couple of years ago a group of promoters created an overnight sensation in vehicle merchandising with the establishment on the outskirts of a large California city of a so-called discount-warehouse-type of auto dealership.

Bargain hunters by the hundreds flocked to the place in response to the "company's" mass advertising campaign describing once-in-a-lifetime, too-good-to-be-true "deals."

Then one day after a few months of frenzied activity, the big rented lot of the "discounters" stood empty and abandoned, and padlocks appeared on the doors of the "company's" offices.

MANY BUYERS who had reaped the fantastic "savings" found themselves in possession of cars they couldn't get title to, and which had cost them some \$150,000. The police are still looking for the "dealers."

It was this type of operation that brought about passage of California's new dealer bonding law. Prior to passage of the law, it was not illegal to sell cars without a license. But now, every dealer must be licensed by the Department of Motor Vehicles. And no dealer may obtain a license until he has posted a \$5,000 surety bond.

IT IS ESTIMATED that in 1957 there were at least 12,000 dealers operating with or without licenses.

## North Palm Springs

Gilbert and Katie Smith of Oxnard drove down for a weekend visit with John and Lora Rose.

Margaret Stein enjoyed a visit with her two sisters when Mr. and Mrs. George Kreft of El Monte and Mrs. Ronnie Adams of Anchorage, Alaska, drove out for a few days recently.

in California. But DMV in 1958, the first year of the new law, issued only a total of 8,088 licenses. It can be assumed, therefore, that about one third of the dealers previously doing business here failed to qualify because of their back ground, for either licenses or for bonds, and simply disappeared.

The surety companies have done an excellent job of screening applicants for dealer bonds, and the automobile industry has praised DMV for its investigations of persons and firms seeking state licenses.

In the last six months there have been 1,177 bond cancellations. Not all of these, of course, were for reasons of misconduct, moral turpitude or fraud on the part of the dealers. The bonding companies are not required to state the reasons for cancelling a bond, so it would be impossible to estimate what percentage of the cancellations resulted from illegal practices. But investigators for the Department of Motor Vehicles know that many were just that.

## Dear Abby...

DEAR ABBY: I have a boss who has started to ask me to work nights. I don't mind as I get paid for it. He moves his car after he locks up so nobody will know we are there. During the day he has never made a wrong move toward me, but lately in the evening he twists everything I say to make it sound suggestive or sexy and I am not that way. He's married (I am not) and his family-life does not interest me, but last night he remarked: "You

don't ever have to worry about my wife walking in as she lives in the suburbs and can't drive. In your opinion is this man harmless?"

DEAR OVERTIME: Like a boa constrictor!

DEAR ABBY: I have been going with Wendell for almost two years. We are in love and want to get married. I am 19 and he is 22. My parents don't like him because his future is unsteady. He

hasn't got a job right now but he is looking. When I mention marrying him my parents run him down something terrible and tell me to forget him. Wendell says that if I really loved him I would stand up and tell them if they don't like it they can lump it. I do love him, Abby, but I can't talk to my folks that way. Please tell me what to do.

WENDELL'S GIRL  
DEAR GIRL: Shake the stardust out of your eyes and look at

the picture clearly. A 22-year-old boy who isn't working has a lot of nerve proposing marriage. Furthermore a boy who encourages a girl to defy her parents turns into the kind of a husband who does as HE pleases — then tells his wife if she doesn't like it SHE can lump it.

DEAR ABBY: This is for the two PING-PONG WIDOWS: Be glad your husbands come home to you after a few sets of Ping-

Pong. There are lots of us young men in Korea who play Ping-Pong because that is the only company recreation we have here. When the game is over we don't have wives to go home to, either. We have to go home to a barracks and a G. I. bunk.

CONFIDENTIAL TO LEN: You are overdoing the "togetherness" bit. Mingle if you wanna stay single.
